

Thoughts

- ▶ How do you feel about the idea that media can influence religious belief? Have you ever found yourself changing your opinion about something because of the media?
- ▶ Is media a positive influence in charismatic Christianity? Can you think of examples of Media being a positive force for charismatic Christianity, and media being a negative force?
- ▶ Did you “experiment” with your religious tradition before you committed to it?
- ▶ What thoughts do you have about the role of the talk show, fresh talk, planned spontaneity, the essential falseness of mediated religion? Are these things dangerous, as some critics in Kuhlman’s time believed, or powerful forces for good, or both or neutral?
- ▶ In a time where we are having a Sunday School class by Zoom, how does mediation affect how we interact with each other, how we experience reality?
